STATEMENT OF AGREEMENT
between
MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE SHRINERS BURNS INSTITUTE BOSTON UNIT
for the period April to September 1969

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Shriners Burns Institute, Boston Unit, as a special experience for a selected number of students during their Maternal and Child Nursing Course. The number of students shall not exceed three at any time.

The purposes of the experience are:

1. To provide the opportunity for the student to participate in the care of the burned child in order to gain increased awareness of the needs of the burned child and the impact on the family unit.
2. To provide the opportunity for the student to observe the facilities and types of care and treatment provided for the burn patient.

GENERAL PLAN

A maximum of three students will be assigned each week for three consecutive days on the following dates:

April 23, 24, 25, 1969

April 30, May 1, 2, 1969

May 6, 7, 8, 1969

July 9, 10, 11, 1969

July 16, 17, 18, 1969

July 23, 24, 25, 1969

The clinical hours will be from 7:00 A. M. - 2:30 P. M.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Shriners Burns Institute, Boston Unit, or her designee.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Shriners Burns Institute.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing. One instructor shall be at the Shriners Burns Institute to instruct and supervise the students. The instructor shall have received an orientation prior to the students' experience.

Individual student assignments shall be planned by the instructor of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Shriners Burns Institute. Reciprocal sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Shriners Burns Institute, (i.e. attendance at conference, etc.).

Jim:

As you will see from the attached, Shriners Hospital has added a clause to our recently negotiated contract relative to required insurance. They are requiring our endorsement. I thought this should go to you before I take it to Dr. Sanders. I will appreciate very much your facilitating the endorsement process.

We have not had a request like this from Shriners since 1970 when you provided me with a statement which was acceptable to them - at the time a covering letter sufficed. I have attached a copy of that material for your interest and just to bring you up to date.

*many thanks,
Natalie*

Re: Massachusetts General Hospital Student Nursing Agreement

Dear Judge Wilson:

Miss Baird has referred to me your letter of July 28th and enclosures including three copies of a proposed Nursing Agreement with M.G.H. The Agreement appears to be in good order for execution by one of our corporate officers with the exception of having one matter clarified by you in regard to the liability and malpractice insurance coverage.

Shriners Hospitals itself is, of course, covered and adequately protected by a ten million dollar umbrella policy during the time these student nurses receive their training at our Boston Unit. The question which we believe should be clarified is whether M.G.H. has arranged sufficient liability and malpractice insurance coverage for each student nurse and faculty member assigned to the Shrine Burns Unit. We want M.G.H. to fully understand that these student nurses are not considered "employees" of Shriners Hospitals covered by our liability policy while they are gaining their clinical training experience at our Unit.

Rather than making any changes in this present Agreement since it has been signed by a number of the parties and is due to commence shortly, we would be willing to accept a letter from the Director of the School of Nursing at M.G.H. that this cooperating institution has arranged for liability and malpractice insurance coverage for these nursing students and faculty members. We would like the letter to state the effective coverage and the limits of liability. It would also be our suggestion that Mr. Demeritt obtain and retain in his records a Certificate of Insurance from M.G.H. which reflects this coverage and liability limits prior to October 28th when the first three students are assigned to the Burns Unit.

Hon. Robert G. Wilson, Jr.

Page 2

August 5, 1970

In your letter you mention the hope of entering into a similar type agreement with the New England Baptist Hospital. In the preparation of this proposed agreement, we would like to see included in the agreement a paragraph somewhat along these lines:

"New England Baptist Hospital agrees to save and hold Shriners Hospitals for Crippled Children completely harmless against any legal claims, demands or judgments against it (including its own attorneys' fees), arising out of any activities performed by the New England Baptist Hospital's students or instructors pursuant to this Agreement. The New England Baptist Hospital further agrees to arrange for liability and malpractice insurance for each student assigned to Shriners Hospitals for Crippled Children and for the nursing faculty employed by the New England Baptist Hospital. Certificates of Insurance indicating effective coverage and limits of liability will be furnished Shriners Hospitals for Crippled Children prior to commencement of instruction."

It is possible that the New England Baptist Hospital may back away from wishing to execute an agreement with this first harmless sentence included. If it develops there is any problem as to this first sentence, then we would be willing to have it excluded with the remaining sentences included.

This is my last day in the office before going on vacation and in my absence you may send any reply to Mr. Weisman of this office. We will hold the copies of the Nursing School Agreement with M.G.H. until we receive your further reply.

Sincerely and fraternally,

Paul E. Ibach

TO WHOM IT MAY CONCERN:

Please be advised that the Massachusetts General Hospital has executed a contract of insurance covering the students and faculty of the Massachusetts General Hospital School of Nursing, while they are engaged in their respective vocations at the Shriner's Hospital for Crippled Children. The carrier, Insurance Company of North America, has limited liability to 25,000,000 dollars for malpractice and negligence.

We believe this coverage to be more than adequate and if we can be of any further assistance regarding this matter, please do not hesitate to contact us.

Dear Mr. Demeritt:

I have discussed with a member of the Massachusetts General Hospital Administration and his assistant for legal matters the question referred to me concerning liability and malpractice insurance coverage for each of our student nurses and faculty members who would be assigned to the Shriners Burns Institute Boston Unit, for certain clinical learning experiences according to the terms of the agreement between both agencies mentioned above.

Please be advised that the Massachusetts General Hospital has executed a contract of insurance covering the students and faculty of the Massachusetts General Hospital School of Nursing while they are engaged in their respective vocations at the Shriners Burns Institute Boston Unit. The Carrier, Insurance Company of North America, has limited liability to \$25,000,000 for malpractice and negligence.

We believe this coverage to be more than adequate and if we can be of any further assistance regarding this matter please do not hesitate to contact us.

It is not the practice of the Massachusetts General Hospital to extend copies of Certificates of Insurance to cooperating agencies.

Sincerely yours,

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Shriners Burns Institute, Boston Unit, or her designee.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Shriners Burns Institute.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing. One instructor shall be at the Shriners Burns Institute to instruct and supervise the students. The instructor shall have received an orientation prior to the students' experience.

Individual student assignments shall be planned by the instructor of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Shriners Burns Institute. Reciprocal sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Shriners Burns Institute; (i.e., attendance at conference, etc.).

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of the students and any pertinent information about them to the Shriners Burns Institute prior to their assignment there.

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Shriners Burns Institute. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Shriners Burns Institute, the Massachusetts General Hospital School of Nursing should be notified.

The Massachusetts General Hospital School of Nursing will arrange for liability and malpractice insurance coverage for its students and instructors assigned to the Shriners Burns Institute.

When assigned to the Shriners Burns Institute for experience the women students will wear their black shoes and stockings and scrub gown with name pins. Men students will wear their standard school uniform, minus the jacket when giving direct patient care.

The Shriners Burns Institute shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies or practices involved in the care of the burn patient.
- 2) Scrub gowns; a place to change clothing; and lockers for storage of clothing for students and instructor during the time they are at the Burns Institute.
- 3) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with appropriate persons.
- 4) The dining room facilities shall be available at coffee and lunch times, on a cash out-of-pocket basis, to the assigned students and faculty member of the Massachusetts General Hospital School of Nursing.

REVIEW OF AGREEMENT

This agreement when signed shall remain in effect until September 1, 1977. At that time the Director of the Massachusetts General Hospital School of Nursing and the Director of Nursing, Shriners Burns Institute, Boston Unit, shall review the provisions of this agreement and the experiences that have been provided and make plans for the succeeding year.

AFFILIATION AGREEMENT

This AGREEMENT, made and entered into this 8th day of June, 19 79, by and between SHRINERS HOSPITALS FOR CRIPPLED CHILDREN, which owns and operates the Boston Unit (hereinafter referred to as "HOSPITAL") and the Massachusetts General Hospital (hereinafter referred to as the "SCHOOL").

WITNESSETH:

WHEREAS, it is agreed by the parties to be of mutual interest and advantage that the students and faculty of the SCHOOL be given the opportunity to utilize the HOSPITAL for clinical and educational purposes:

NOW, THEREFORE, for and in consideration of the foregoing and in further consideration of the mutual benefits, the parties to this agreement agree as follows:

(1) The HOSPITAL will permit students of the SCHOOL to practice nursing under the direct supervision and responsibility of the faculty of the SCHOOL. The student will participate in providing, but shall not be solely responsible for, patient care services rendered at HOSPITAL as part of the student's experiences. The individual faculty members will be responsible to the liaison person designated by the HOSPITAL to oversee the training of these students.

(2) The period of assignment, number of students during each period and distribution of students between areas of the HOSPITAL will be mutually agreed upon between the SCHOOL and the HOSPITAL at the beginning of each clinical training period.

(3) The SCHOOL will not discriminate against any applicant for enrollment in its course of study because of race, creed, sex, religion or national origin. The SCHOOL and its faculty accept full responsibility for the students learning activities.

(4) The SCHOOL shall assume responsibility for seeing that all their students and faculty members comply with the policies, procedures, and Rules and Regulations of HOSPITAL, and for seeing that all their students and faculty members respect the confidential nature of all information which may come to them with respect to patient and hospital records.

(5) The HOSPITAL may request the SCHOOL to withdraw from the HOSPITAL any student whose performance is unsatisfactory or whose characteristics and activities are detrimental to the HOSPITAL in carrying out its healthcare responsibilities.

(6) It is understood between the parties that under no circumstances is any member of the SCHOOL student body or faculty to be considered an agent or employee of the HOSPITAL.

(7) The SCHOOL shall assume responsibility for the cost of equipment that is broken, damaged, or lost due to any negligence of its students.

(8) The SCHOOL agrees to save and hold the HOSPITAL harmless against any legal claims, demands or judgment against the HOSPITAL arising out of any activities performed by the SCHOOL'S students or instructors pursuant to this agreement and agrees to reimburse the HOSPITAL for all reasonable expenses including attorneys' fees, incurred by the HOSPITAL in defending any such claim or claims.

(9) The SCHOOL will arrange for liability and malpractice insurance coverage for its faculty members and students assigned to the HOSPITAL and agrees to verify that each student so participating has acquired such insurance coverage.

(10) The HOSPITAL further agrees as follows:

- (A) to provide to the SCHOOL the necessary space or facilities for conference and classroom areas for student teaching as available;
- (B) to provide lounge and locker space for students, as available;
- (C) to allow students and faculty members of the SCHOOL to utilize the HOSPITAL'S eating facilities at the students' and faculty's sole expense;

- (D) to provide first aid treatment for students or faculty members who are injured or become ill while at the HOSPITAL;
- (E) to provide an orientation for the schools' faculty members and plan with them all joint programs.
- (F) to conduct an orientation for each student in respect to the policies, rules and regulations of the HOSPITAL and the facilities of the HOSPITAL.

(11) It is understood between the parties that there will be no exchange of funds between the SCHOOL and HOSPITAL.

(12) This agreement is for a term of one year, and thereafter from year to year unless terminated by either party upon giving three months advance notice to the other party by certified mail.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed on the day, month and year first above written.
